Degree Path and Requirements:

Department Advising Notes:

Program Description

The student completing the Multimedia AA degree will enhance their visual literacy through the acquisition of observational, technical and analytical skills.

Career and Transfer Opportunities

Students graduating with an AA degree in Multimedia would primarily get production work. This may be at a design studio or other business. It would usually involve doing the computer layout work following the instructions of an art director or lead designer. The main skills employers will be looking for are proficiency with Adobe software and animation software.
