Program Description

The Associate of Arts in Theater Arts for Transfer is designed for student to complete the majority of their lower division general education requirements prior to transferring to a four-year institution. This transfer degree guarantees students priority consideration for admission into a California State University campus. Students with this degree enter the CSU system at junior status, needing 60 additional semester units to earn a baccalaureate degree in a CSU program that has been deemed as similar.

Career and Transfer Opportunities

The Associate of Arts in Theater Arts for Transfer focuses primarily on GE courses and is intended for transferring to a four-year institution. A more robust and in depth study of theater courses is needed in order to secure employment in the entertainment industry. In the entertainment industry, students with a 4 year or graduate level degree have a greater network and skill set which can be beneficial in a competitive field. CSU and UC schools have acting tracks within their Theater Arts Departments for either a BA, BFA, MA or MFA degree. Students that obtain an AAT in Theater Arts or transfer and continue study in acting will be able to pursue positions in entertainment, including: theatre, dance, theme park, live performance, corporate events, film, television, commercials, industrials and new media. Industry job titles include: actor, director, voice actor, teaching artist, and writer.

Job descriptions include: Play parts in stage, television, radio, video, motion picture productions, or other settings for entertainment, information, or instruction. Interpret serious or comic role by speech, gesture, and body movement to entertain or inform audience. May dance and sing.

Average hourly earnings range from \$23 to \$39, based on job title. Wages for these occupations that do not generally work year-round, full time, are reported either as hourly wages or annual salaries depending on how they are typically paid.
