### Degree Path and Requirements:

Skills certificate with 4 required core courses and 1 elective course.

### Department Advising Notes:

Program courses are offered in specific semesters and odd/even years as noted. Program courses offered every Fall and every Spring semester include TT 361 and TT 345. It is ideal for the natural progression of skills to begin the program with TT 345 and conclude the program with either TT 921 or TT 361. All program courses are offered on ELAC main campus only.

This skills certificate is stackable with the Wardrobe Skills Certificate and Costume Technology Skills Certificate, to achieve the Costume Design and Technology Certificate of Achievement. These certificates better prepare students for a professional portfolio for internship and employment opportunities.

### Program Description

The Costume Design and Application Skills Certificate (in conjunction with the Wardrobe Skills Certificate and Costume Construction Skills Certificate) provides students with the applicable skills to pursue entry-level positions in entertainment costuming, including: theatre, dance, theme park, live performance, corporate events, film, television, commercials, and new media. Students complete a portfolio encompassing work from each course in preparation for employment in the entertainment industry. Our production process replicates a professional theatre environment in a contemporary facility that includes three performance venues and a costume shop equipped with state-of-the-art technology. Students receive specialized classroom instruction which is reinforced with rigorous hands-on training in costume practicums.

### Career and Transfer Opportunities

Students that obtain this certificate (in conjunction with the Wardrobe Skills Certificate and Costume Construction Skills Certificate) will be able to pursue entry-level positions in entertainment costuming, including: theatre, dance, theme park, live performance, corporate events, film, television, commercials, and new media. Industry job titles include: stitchers, wardrobe attendants, costume technicians, pattern makers, costume designers, costume assistants, costumer, draper, dresser, wardrobe manager, wardrobe supervisor, costume buyer, historic clothing and costume maker, fashion designer and costume design director.

Job descriptions include: select, build, construct, fit, and take care of costumes for cast members and aid entertainers. May assist with multiple costume changes during a performance. Design costumes and accessories. Create original costume designs.

Annual average earnings range from \$55,000 to \$77,000 based on job title.

This skills certificate is intended to be stacked with other skills certificates that lead to the Costume Design and Technology Certificate of Achievement, combined with an AA or AAT degree in Theatre Arts for transfer. In the entertainment industry, students with a 4 year or graduate level degree have a greater network and skill set which can be beneficial in a competitive field. CSU and UC schools have costume programs within their Theater Arts Departments for either a BA, BFA, MA or MFA degree.
