Program Description

The Makeup Design and Application Skills Certificate provides students with the applicable skills to pursue entry-level positions in entertainment makeup design and application, including: theatre, dance, theme park, live performance, corporate events, film, television, commercials, and new media. Students complete a portfolio encompassing work from each course in preparation for employment in the entertainment industry. Our production process replicates a professional theatre environment in a contemporary facility that includes three performance venues. Students receive specialized classroom instruction which is reinforced with rigorous hands-on training in makeup practicums.

Career and Transfer Opportunities

Students that obtain this certificate will be able to pursue entry-level positions in entertainment makeup, including: theatre, dance, theme park, live performance, corporate events, film, television, commercials, and new media. Industry job titles include: Cosmotologist, Special Effects Makeup Artist, Prosthetic Makeup Designer, Makeup Instructor, Hair and Makeup Designer, Commercial Makeup Artist, Special Effects Technician, Special Effects Designer, and Body Makeup Artist.
