**Proposed Motion to ESGC: ESGC approves the formation of the Accreditation Response Group (ARG) to oversee the accreditation process and its related activities.**

**Motion passed.**

**Purpose of ARG:** The Accreditation Response Group (ARG), co-chaired by the Accreditation Liaison Officer (ALO) and the Faculty Chair for Accreditation, is the primary vehicle for promoting a college culture that is dedicated to program improvement and is focused on student learning in accordance with the Accrediting Commission's standards of good practice.

The ARG meets at least quarterly (January, April, July, and October) to create Commission required reports or to respond to Commission recommendations. This committee broadens the group of those involved in accreditation activities and ensures that campus constituents are knowledgeable about the accreditation process and associated standards.
