

Community Services Registration

Class registration for Community Services classes is taken on a first come, first served basis. Please register early to reserve your space. Your registration may make a difference as to whether a class is offered or cancelled. We will make every effort to contact registrant(s) if classes are full, changed, cancelled or if registration form is incomplete. Registration is official only when all fees have been collected. Only students enrolled may attend class. All material fees are collected at the time of registration.

Students whose conduct is detrimental (including but not limited to: dishonesty, disruption of classes, theft or property damage and willful disobedience) may be removed from class and / or denied enrollment.

TEST PREPARATION

Making the decision to attend college is probably one of the most important decisions you'll ever make, and your performance on college entrance exams is instrumental in determining your college choice. Universities and colleges throughout the U.S. require applicants to take the SAT or ACT as part of their evaluation package. These course will prepare you for both tests.

SAT / ACT PREPARATION - VERBAL QUESTIONS

SAT/ACT Preparation Part I will give you all the information you need to do well on the verbal questions of the ACT and the new SAT. The ACT verbal sections are called the Reading Test, the English Test, and the Science Test. The Reading Test and the English Test assess your knowledge of English usage, grammar. and reading comprehension. This course will provide you with a grammar and usage review specifically geared to the rules that you'll be tested on in the ACT. You'll also learn how to maximize your time on reading comprehension passages and the passages in the science test. The Reading section consists of Information & Ideas, Rhetoric, and Synthesis questions based on reading passages and quantitative information. You'll learn how to answer the question types in the most time-efficient manner. The SAT also contains a Writing and Language section, which includes multiple-choice questions about rhetoric, grammar. and English usage. The essay on the SAT is now optional and administered in its own section. This course will prepare you to write the type of essays that grading officials are looking for and will provide you with a grammar and usage review that's specific to the rules you'll be tested on in the new SAT.

In addition to preparing you for specific question types on both exams, this course will give you pointers in time management, anxiety relief, scoring, and general standardized test-taking. Weekly assignments will encourage you to work with your fellow classmates and your

instructor to maximize your performance on all aspects of the verbal questions of the ACT and SAT.

SAT / ACT PREPARATION - MATH QUESTIONS

SAT/ACT Preparation Part 2 will give you all the information you need to do well on the math questions of the ACT and the new SAT. The ACT math tests your knowledge of arithmetic, algebra, geometry, trigonometry, and basic statistics. This course provides you with a complete math review of all these subjects. We'll also show you how to use your time wisely so that you finish as many math questions as possible in the 60 minutes the ACT gives you for the math test.

Beginning with the March 2016 exam, the SAT math questions have changed a bit. They eliminated the quantitative comparison questions and added questions on functions and graphing functions. The lessons in this course are designed to prepare you for those changes. In addition to reviewing arithmetic, algebra, geometry, trigonometry, and basic statistics, we'll cover functions and other algebra II subjects now tested on the SAT.

In addition to preparing you for specific question types on both exams, this course will give you pointers on time management, anxiety relief, scoring, and general standardized test-taking. Weekly assignments encourage you to work with your fellow classmates and your instructor to maximize your performance on all aspects of the math questions of the ACT and SAT.

#9856 5 Saturdays Oct. 20 - Nov. 17 \$55 12:00 PM - 12:50 PM V. Cuevas-Villasenor

Veronica Cuevas-Villasenor has a Bachelor of Science in Mathematics from UCLA.

ENGINEERING & SCIENCE

ENGINEERING ACTIVITIES FOR KIDS

Ages: 8 – 12 yrs.

This course introduces kids to engineering fundamentals through various STEM hands-on projects and activities. These activities and projects are designed to help students develop their creativity, self-confidence and problem-solving skills while learning engineering concepts. All of the activities will be different from the previous sessions. Please be sure that your young engineers wear comfortable clothing and shoes. **\$20 material fee paid at the time of registration**

#9857	5 Saturdays	Sept. 8 - Oct. 6	\$80	9:00 AM - 10:30 AM	Engineering Club

#9859	5 Saturdays	Oct. 20 - Nov. 17	\$80	9:00 AM - 10:30 AM	Engineering Club
#9860	5 Saturdays	Oct. 20 - Nov. 17	\$80	11:00 AM - 12:30 PM	Engineering Club

The ELAC Engineering Club has over 100 enthusiastic members and is an active community college chapter of the Society of Hispanic Professional Engineers (SHPE) and other professional organizations.

FUN WITH SCIENCE

Give your kids the opportunity to get hooked on to the wonderful world of science. This hands-on science class will show the fun side of chemistry, physics, and biology. Your young scientist will have lots of fun working on hands-on experiments that are a great way to learn more about science. All of the experiments will be different from the previous session. Please be sure that your young scientist wears comfortable clothing and shoes. **\$10 material fee paid at the time of registration.**

PHARMACY TECHNICIAN

Pre-requisites: Minimum 18 years of age and high school completion or its equivalent.

Pharmacy Technicians work in pharmacies under the direction of a pharmacist. Their main responsibility is filling prescriptions according to doctors' orders. Pharmacy Technicians prepare medications for dispensing to patients. This generally includes retrieving drugs in the correct dosage form and strength, measuring the appropriate amount of drug and producing a prescription label. Pharmacy Technicians work with drugs to be administered orally, topically, for the eye, nose, etc. Depending upon the practice setting, a Pharmacy Technician is also involved in the admixture of drugs for intravenous use. Other duties include:

- Checking inventories and ordering supplies

- Receiving and checking in supplies
- Assisting customers
- Keeping pharmacy work areas clean
- Complete insurance forms

Course content includes: pharmacy medical terminology, the history of pharmacy, the pharmacy practice in multiple environments, pharmacy calculations and measurements, reading and interpreting prescriptions and defining drugs by generic and brand names. Through classroom lecture and hands-on labs, students will review dosage calculations, drug classifications, the “top 200 drugs”, I.V. flow rates, sterile compounding, dose conversions, aseptic technique, the handling of sterile products, total parental nutrition (TPN), dispensing of prescriptions, inventory control and billing and reimbursement.

Pharmacy Technicians may work in retail pharmacies, mail order pharmacies, home infusion pharmacies, long term care facilities, hospitals, clinics, pharmacy benefit managers and large industrial complexes. The demand for Pharmacy Technicians continues to grow with demand expected to increase substantially. This high demand is the result of the constant availability of new drugs, the national shortage of registered pharmacists, the establishment of certified pharmacy technicians and the aging population. The median wage in 2017 for Pharmacy Technicians in California was \$18.36 hourly.

This comprehensive 50-hour course will prepare students to enter the pharmacy field and to take the Pharmacy Technician Certification Board’s PTCB exam.

** Textbooks and materials included.*

EKG TECHNICIAN

Pre-requisites: Minimum 18 years of age and high school completion or its equivalent.

EKG Technicians are responsible for performing electrocardiogram tests in order to monitor and record electrical impulses transmitted by the heart. These tests include basic EKGs, Holter Monitoring (portable EKG which records activity for 24-48 hrs.), 12 lead placement and Stress Tests (trea-mill). They assist a physician in diagnosing and treating cardiac and blood vessel irregularities.

This course will include important practice and background information on anatomy of the heart and physiology, medical disease processes, medical terminology, medical ethics, legal aspects of patient contact, the Holter monitor, electrocardiography and echocardiography.

Additionally, students will practice with equipment and perform hands-on labs including introduction to the function and proper use of the EKG machine, the normal anatomy of the chest wall for proper lead placement, 12-lead placement and other clinical practices. EKG

Technicians also analyze printed readings of EKG tests, measuring various “cardiac intervals and complexes” and determining normal vs. abnormal EKG.

EKG Technicians work in physician offices, hospitals, clinics, and other health care facilities and organizations. EKG Technicians also work for insurance companies to establish health and life insurance policies. Similar to other growing healthcare professions, the demand for EKG Technicians is expected to continue to grow substantially. The median wage in 2017 for EKG Technicians in California was \$33.08 hourly.

Certification: This comprehensive 50 hour EKG Technician Certification Program prepares students to function as EKG Technicians and to take the American Society of Phlebotomy Technician (ASPT) – Electrocardiograph (EKG) Technician exam in addition to other National Certification Exams.

REFUND & TRANSFER POLICY

CANCELLED CLASSES:

The Community Services Department reserves the right to cancel any class that has insufficient enrollment before the starting date. Every attempt will be made to contact the students enrolled by phone. The students will then be given the option to receive a full refund, transfer to another class, or receive account credit (valid for a year, toward future registrations). There is no service charge for classes that are cancelled by the department.

DROPS / TRANSFERS:

There are no refunds or transfers after a class begins. Requests to withdraw from a class or transfer to another Community Services class must be done 3 OR MORE DAYS prior to the first class meeting. You may notify ELAC Community Services of cancellation by phone, in person, by mail, or by e-mail. Unfortunately, you are not able to cancel a registration yourself online. There is a \$5 service charge per class for each refund or transfer requested. If you enrolled in a class less than 3 days prior to the first class meeting, NO refunds will be given. There are no refunds or credits for absences and late registrations are not pro-rated. Missed class meetings may not be made up in another class.

REFUNDS:

Credit card transactions will be refunded to the same credit card account used at the time of registration. Cash and check transactions will be refunded with a check in the mail. Please allow 2 - 4 weeks for processing. Students can also request account credit, valid for a year toward future registrations, in lieu of a refund.

RETURNED CHECKS:

A \$10 RETURNED CHECK CHARGE is assessed for EACH CHECK returned to East Los Angeles College unpaid by the bank for any reason. A STOP PAYMENT ORDER on a check DOES NOT constitute an official withdrawal nor does it relieve the student's financial obligation for a class. PLEASE FOLLOW REFUND POLICY PROCEDURES TO AVOID ADDITIONAL CHARGES.

STUDENT PARKING

All vehicles parked in a campus parking lot must display a valid permit at all times. Overnight parking is prohibited. C.V.C. Section 21113.(A). Permits must be properly displayed either hanging from the rear view mirror, facing out or facing up on the driver's side of the dashboard. Improperly displayed permits will result in a citation. A permit does not exempt you from receiving a citation. It is your responsibility to properly display your permit.

Community Services Parking Permits are only valid during the weekends (Sat. & Sun.).

WINTER & SUMMER SESSIONS

A free parking permit may be requested at the time of registration.

SPRING & FALL SEMESTERS

Students may purchase a daily parking permit for \$2 (from the permit dispensing machines or the Sheriff's station) or purchase a semester permit for \$10 from the Community Services Office. If the parking permit is lost or stolen a replacement permit can be purchased at full price value. Community Services semester permits are only valid on weekends.

Acknowledgement Statement - Youth Policy

I acknowledge and understand that my child's participation in a Community Services class is voluntary. I further acknowledge and understand that certain injuries and/or illness may result from his/her participation in a Community Services class. These risks include but are not limited to emotional, physical, and or mental injuries. I understand that if my child is injured in connection with his/her participation in a Community Service course, there may not be any liability on the part of the Los Angeles Community College District in accordance with the California Government Code in order for the District to consider any request for reimbursement.

Refund and Transfer Policy

By my signature, I acknowledge that I have read, understand, and agree to the Refund & Transfer Policy. I understand that a request to withdraw from a class or transfer to another class must be done 3 or more days prior to the first class meeting and there will be a \$5 service charge per class for each refund or transfer requested.
