

Policy on Official Outcomes

The faculty evaluation form found in the AFT agreement reads, "Participate in the Student Learning Outcomes Assessment cycle (for classroom faculty, include approved SLOs on class syllabi)." The ACCJC requires that faculty include "approved" outcomes on their syllabi.

The Academic Senate approved a motion at the October 11, 2011 meeting that as of January 15, 2012, all course outcomes in TracDat will be the official course outcomes that must appear on course syllabi.
