TRANSFER ASSISTANCE & GRADUATION REQUIREMENTS

This section contains information about programs and services designed to help you transfer and/or graduate. It also lists the courses which will meet the graduation requirements for East Los Angeles College, and the courses which meet the transfer requirements of the University of California and the California State University.

East Los Angeles College services several programs which are specifically aimed at assisting students to transfer to the University of California (UC), the California State University (CSU), and to other four-year colleges and universities. These programs include:

- The Honors Program
- The Transfer Center
- Adelante
- Puente
- Mesa

GRADUATION REQUIREMENTS

Following the transfer program summaries, this section goes on to list the major and general education requirements which must be met by students who wish to graduate by earning the Associate of Arts Degree or the Associate of Science Degree. There are two ways to meet the AA or AS degree requirements—by Plan A or Plan B—and the required coursework for each plan is described. Obviously, students who wish to earn the AA/AS degree should read these requirements carefully. If the requirements seem complicated or even confusing, please consult with a counselor to get them clarified.

TRANSFER REQUIREMENTS FOR UC AND CSU

Following the East Los Angeles College graduation requirements are two pages which list different ways you can meet the general education requirements for transferring to UC or CSU. The letters stand for Intersegmental General Education Transfer Curriculum. The page lists all the courses offered at East Los Angeles College which satisfy the general education transfer requirements for both the University of California and the California State University. The course information that is presented is no more than a simple listing what courses will transfer. You should consult with a counselor and read the applicable pages in the College Catalog to obtain further information that you should know in regard to how to transfer.

The second listing of courses applies only to students who plan to transfer to the California State University, and who wish to complete their “General Education” requirements at East LA College. Students who meet the requirements, as listed, may petition the college for certification — certification means that after transferring, the student will not have to take any other general education courses to meet CSU graduation requirements for the Bachelors Degree. Again, students should consult a counselor when planning a transfer program and read the applicable pages of the College Catalog to ensure that other important transfer requirements are met.

Transfer Center

If you are planning to continue your education at a university, you are encouraged to visit ELAC’s Transfer Center.

Located in E1 Building, the Transfer Center is here to help you make a smooth transition to a university by providing the following services:

- Publication of monthly calendar of activities
- University campus tours
- One-to-one consultation with university representatives
- Workshops on all aspects of transfer
- University Application
- College Transfer Day Fairs
- Library of college catalogs, brochures, scholarships information and more!

The Center is open
Monday through Thursday, 8:00 am – 7:00 pm and
Friday 8:00 am – 4:00 pm
Call for information: (323) 265-8623.
“I was a good student in high school and went directly to California State University, Northridge, when I graduated. After a year, I realized it just wasn’t a fit for me. I moved home and started ELAC. Here I found professors who really inspired me—like Christine Rodriguez, Robert Arias and Jeffrey Hernandez. They transferred their passion for history, sociology and political science to me and gave me the confidence to transfer to the University of California.”

During his second year at ELAC, Pedro was chosen to participated in the UCLA Intensive Summer Transfer Experience program and fell in love with UCLA. He transferred there and two years later was one of two Latinos who graduated with multiple honors including Phi Beta Kappa, majoring in history and Chicano Studies. He has applied to Stanford, Colombia, Berkeley and UCLA with the goal of pursuing his doctorate so he will be qualified to teach at the university level and continue researching the role of Chicanos in America.

“My goal is to inspire our students to aim high so I encourage them to apply to several universities they may have dreamed of attending but do not have the confidence to submit an application. Then they can compare offers and select the university with the best package. The challenge is to convince students that they are capable of succeeding; at a good university, in a rewarding career and at life in general. I tell them that I want to use their success story to inspire others to follow in their footsteps.”

ELAC’s Transfer Center offers students resources including counseling, assistance writing and revising personal statements for university admissions packets, university tours and scholarships. Information is available on the Summer Intensive Transfer Experience at UCLA as well as the Alliance Project Summer Research at UC Berkeley and other programs designed to introduce ELAC students to various public and private universities.
