

Adelante First-Year Experience Program

The Adelante First-Year Experience (FYE) Program is committed to the educational success of students. Adelante FYE is a comprehensive program that collaborates with student services, committed faculty, and provides linked courses centered on a theme to create a stimulating learning environment.

The goal of Adelante FYE is to provide students with general education courses, counseling and enrichment opportunities to help them succeed during their first year and gain the knowledge to consider transferring to a four-year university.

Adelante FYE sponsors the Summer Bridge Program that enables students to gain college credit and get a jumpstart on their college experience by building community with other first-year students. Social programming is offered to assist students in their transition to college.
