CAMPUS!**

**WHAT TO DO IF THERE'S
AN ACTIVE SHOOTER ON
CAMPUS**

As part of East Los Angeles College's continuing effort to ensure a safe college environment, the college has implemented a new rapid emergency communication system known as RaveMobile. This system allows East Los Angeles College to convey time-sensitive information within minutes, through a single communication to our students, faculty and staff.

ELAC students and employees can sign up for emergency notification announcements via email and text message(s). In case of an emergency at the college, such as earthquake, gas leak, active shooter, power outages,

ELAC can immediately notify students and employees about the situation and properly direct them to the safest areas

For more information about how to register for the RaveMobile notification system please go to the following website:

* This bulletin is an abbreviated summary of emergency procedures for possible campus emergencies. If you would like access to the emergency preparedness plan, please contact the Office of Administrative Services at (323) 265-8669.

Fire Alarms

The fire alarm or evacuation order is signaled by a continuous bell.

When the alarm is activated, gather up all your personal belongings, turn off any source of gas and leave the building. The last person to exit the room should close the door behind them. Proceed to the nearest Evacuation Assembly Point (EAP) as shown on the Emergency Evacuation Zones map.

Do not use the elevator.

Wait at the E.A.P. until receiving further instructions from a Safety Marshal or via ELAC emergency notification systems.

Gas Leaks or the Threat of Explosion

Designated staff and/or the Sheriff's Office personnel will contact each building, office, classroom or laboratory via ELAC's emergency notification systems to advise specific areas of the need to evacuate to a safe location.

No bells, cell phones, radios or bull horns will be used to announce the need to evacuate due to the possibility of detonation or explosion.

The individual advising you to evacuate will direct you to a safe evacuation area.

Once at the evacuation area, wait for further instructions from either the assigned Safety Marshal or responding emergency personnel.

Emergency Procedures

Earthquake

At the first indication of a major Earthquake, drop to the floor and cover your head.

When it is determined safe to do so, exit the building to the Emergency Assembly Point (EAP). Be aware of falling debris from buildings, downed power lines, broken gas lines, and any other overhead danger.

Do not use elevators.

Wait at the EAP for further instructions.

Revised: March 9th, 2015

Campus Violence

Once you become aware of a campus violence situation, call the Sheriff's Office at (323) 265-8800 or call 911.

Try to ascertain if it is safer to evacuate the building or barricade yourself in the room.

Attempt to remain calm and, if possible, wait for law enforcement instruction via ELAC's emergency notification systems. Please register for RavelMobile text notifications at <http://alerttime.elac.edu>.

Note: Occupants of all buildings within designated zones ********* will assemble at designated "Emergency Assembly Points" **■■■■■** within the zone.
