meet **elac** people > AL CONE

"My passion is encouraging student athletes to win in life as well as sports. Our job is to use community college competitive sports to develop student-athletes who can be successful scholars, productive citizens and qualify for athletic scholarships when they transfer to a university. Competing in a sport is a microcosm of succeeding in daily life. Effort, practice, teamwork and knowledge make a successful athlete as well as a successful citizen because they learn how to handle failure as well as success. I am lucky to work with talented coaches and teachers who have a profound commitment to our students."

Al Cone has been ELAC Athletic Director for the past decade. He is a native East Angelino and attended Los Angeles Valley College where he played baseball, receiving honors and co-captaining the LAVC team as a sophomore. He earned bachelor's and master's degrees in Kinesiology. After a successful high school teaching and coaching career, he joined ELAC in 1989 and soon became the Head Baseball Coach. ELAC baseball teams flourished under his leadership. The college sponsors 15 athletic teams, seven for men and eight for women. ELAC boasts a world-class football and track facility, a superior swim stadium and an excellent women's softball field.

MESA STUDENT BENEFITS

ACADEMIC ADVISEMENT

The MESA program has its own STEM counselors to help students develop their educational plans and provide transfer guidance. The STEM counselors also assist students with personal statements, scholarship applications, and resumes. Appointments and drop-in advising is available. You may call (323) 780-6730 to schedule an appointment with the STEM counselors.

MEETING WITH MESA DIRECTOR

MESA students may need or be required to meet with the MESA Director for different reasons including Research Opportunities, Grade Point Average, Recommendation Letter and/or Advisement. You may call (323) 780-6730 to schedule an appointment with the MESA Director.

TUTORING SERVICES

The MESA program provides tutoring services by MESA students or alumni in the fields of mathematics, engineering, chemistry, physics, biology, and computer science. The tutors schedules and information is available in the MESA Study Center.

ACCESS TO THE MESA LOAN PROGRAM

The MESA Loan Program provides MESA students the opportunity to borrow school materials for the academic semesters. These materials include text books and scientific/graphing calculators. According to availability, there may be a limit of materials a student may borrow and the loan program is first come first served.

ACCESS TO THE MESA STUDY CENTER

The MESA Study Center is a place where MESA students come to study in a unique environment provided by a family oriented setting and the on-site staff. MESA students are able to focus on their academics by using the study center as location to study with other MESA students and to take advantage of what the study center has to offer. The MESA Study Center has computers, white boards, tables, a couch, and a television. MESA students are provided with dry erase markers, erasers, and scratch paper during their study sessions. The study center is a

privilege to MESA students, and there are a set of rules the students must follow in order to use these services.

SCHOLARSHIPS, INTERNSHIPS, AND RESEARCH OPPORTUNITIES

Weekly emails inform the students about scholarships, internships, and research opportunities. If the student would like more information regarding a particular opportunity, they are encouraged to contact the MESA staff at (323) 780-6730. MESA staff is continuously looking for opportunities for students. Whenever there are scholarships, internships, or research opportunities, MESA students are promptly informed via email or phone calls. The S-STAR Scholarship program accepts applications each fall and provides scholarships for ELAC STEM students. For more information go to: <http://www.elac.edu/academics/programs/stem/STEMScholarships/index.htm>.

EMAIL AND INFORMATION UPDATES

MESA students are notified about campus events, transfer information, student services, and other related information through weekly emails. MESA students have the advantage of knowing what services are offered throughout the campus ahead of time by through emails. It is the student's responsibility to provide the staff with an accurate and up to date working email address. This will facilitate the weekly emailing process for the advantage of the student. If the student does not receive emails, it is the student's responsibility to notify the staff about the issue.

SCIENCE TRANSFER DAY

During the fall semester, MESA hosts a group of representatives from local universities who come and share information about majoring in mathematics, science, or engineering at their institution. This event is a great opportunity to learn about different schools and what they have to offer. All MESA students are encouraged to attend this event. Whether you are applying to transferring during the same academic year or in the future it is a great opportunity to learn about your major and local schools.

FIELD TRIPS AND MESA RETREAT

MESA students are invited on educational field trips with the MESA staff as well as other staff on campus. University field trips to local campuses as well as field trips to laboratories, industry sites, museums, and other locations are provided. In addition, once a year, MESA students are encouraged to participate in the MESA Retreat. The retreat is an opportunity to develop leadership skills, get to know fellow MESA members, interact with STEM faculty, and see how STEM skills are applied outside of the classroom.

In collaboration with the California Connects Chancellor's office and The Foundation for California Community Colleges (FCCC), East Los Angeles College Math, Engineering, Science Achievement offers students of good standing with a free laptop, provided by the Department of Chamber Grant. Students are committed to expand computer literacy in the East Los Angeles region by volunteering and teaching computer skills to family and community members. In addition, MESA is collaborating with Computer Applications & Office Technologies (CAOT) and the Information Technology (IT) departments at ELAC in order to provide students with important computer skills through our IT Academy and a certipoint Microsoft examination certification.

BASIC SKILLS (MATHEMATICS)

Requirements: Completion of 6th grade or above upon entering the program.

BASIC SKILLS 29CE	0.00 units
Algebra 1	
This course includes the continued study of algebraic concepts and methods including expressions, equations, inequalities, and matrices. It also includes the use of tables and graphs as tools to interpret the content. The operations on expressions, equations, inequalities and matrices are studied with an emphasis on the power of mathematical abstraction and symbolism.	
8:00am to 12:05pm (7 week classes - start date: TBA)	MTWTHF STAFF TBA

BASIC SKILLS 30CE	0.00 units
Geometry	
This course includes the study of two and three dimensions to develop geometric skills and concepts and the ability to construct formal logical arguments in a geometric setting. It includes the study of concepts such as: transformations, congruence, and similarity. The course aims to interpret and use the content to solve real life problems. All the above is studied for the development of understanding of an axiomatic system through the study of traditional problems, investigations, and proofs.	
8:00am to 12:05pm (7 week classes - start date: TBA)	MTWTHF STAFF TBA

CONTACT INFORMATION:

**Office K5-102
Phone: (323) 267-3761**

BASIC SKILLS 31CE	0.00 units
Algebra 2	
This course reviews and expands the Algebra I curriculum with an emphasis on abstract thinking skills, the concept of function, and the algebraic solution of problems in various content areas through the study of systems of equations, logarithmic and exponential functions, the binomial theorem, complex numbers, and other topics. Calculators are used to aid in the solution of problems and to deepen the understanding of the concepts.	
8:00am to 12:05pm (7 week classes - start date: TBA)	MTWTHF STAFF TBA

BASIC SKILLS 32CE	0.00 units
Trigonometry/Pre-Calculus Preparation	
This course combines the techniques of the Algebra and Geometry the students have previously studied. The trigonometry functions studied are defined geometrically rather than in terms of algebraic equations. The course emphasizes the analysis and conceptual understanding of polynomial, rational, radical, logarithmic, exponential, and trigonometric functions in preparation for the study of Calculus

ELAC Athletics

ELAC Athletics offer a comprehensive selection of sports for both men and women designed to enhance collegiate education and promote and develop educational leadership, physical wellness, sports and participation, recreational pursuits and athletic excellence through a competitive intercollegiate program.

Excellent coaches, world-class facilities, professional trainers, academic support for student athletes, travel, and enhanced scholarship and transfer opportunities are great reasons to participate in ELAC athletic programs. Are you interested in competing in intercollegiate athletics? Contact ELAC Athletic Director Al Cone at (323) 265-8913 for immediate information. Plus, our athletic competitions are great entertainment! We invite all students and friends to cheer your favorite team to victory, console them when defeated, enjoy collegiate spirit and celebrate our marching band and pep squads.

To access the ELAC Athletics program, consult www.elac.edu and click on "Athletics" at the top of the page. All the latest information on how to apply to participate in a sport, contact coaches, review exciting photographs of ELAC teams in action, game schedules, and even find universities where graduated athletes are playing is available.

Women/Gender Studies, Associate in Arts Degree

Women/Gender Studies at East Los Angeles College is an interdisciplinary academic program which aims to expand students' understanding and appreciation of women's lives and experiences both historically and in contemporary societies worldwide. In the Women/Gender Studies curriculum, students are exposed to the scholarship and theoretical framework of Women/Gender Studies and learn how the application of a gendered lens has challenged traditional, historical, and cultural assumptions.

Listed below are the courses required for the major. Not all courses are offered every semester.

Check the current schedule for availability.
