San Jose State University, Los Angeles Valley College, Los Angeles City College, San Diego State University, Cal State San Bernardino, East Los Angeles College and the European Studies Association [ESA] invite you to participate in an exceptional educational experience: Summer Study in Paris 2014.

Since the Middle Ages, Paris has drawn students from around the world for university studies and for the experience of its cosmopolitan lifestyle. Celebrating our thirty-sixth annual program, we have the staff, the background and the willingness to make your month in Paris worthy of one of the world’s great capital cities. In addition to classes, you will have the opportunity to improve your knowledge of French culture through our special civilization course. This course includes visits to the Louvre, the Musée d'Orsay and historic neighborhoods. On weekends we will also visit the Loire Valley chateaux country and the historic city of Rouen. We won’t neglect daily life in Paris either. Additional activities include Versailles, gourmet dinners, Monet’s gardens, contemporary street art tours and more! In addition to a complete orientation program, we offer visits to historic districts, such as St. Germain des Prés and the Marais, and Paris' only organic market. Our program is varied and extensive; in fact, the problem may be deciding which courses and activities to choose!

LANGUAGE PROGRAM CHOICES

ESA offers you two language program choices in addition to the civilization course and cultural activities:

15 hours of French class per week at the Institut Catholique de Paris (see below)

OR

Survival French: A French culture and basic language program with thirty hours of language training during the month, taught by ESA staff. In this course, you'll learn the basic French you'll need to speak with storekeepers, café personnel and others in order to feel at ease in the Parisian environment, as well as an introduction to French life—music, food, fashion, etc. We recommend this choice for those with no background in French. Intermediate classes dependent on demand.

The Institut Catholique de Paris

The Institut Catholique de Paris, a private French university of international reputation, will provide your French language instruction. Universities world-wide recognize and regularly grant credit for its excellent language courses. The Institut is located in the St. Germain des Prés area in central Paris, very near our dorm sites. There you will meet students from around the world, who, like you, have come to Paris to take advantage of the Institut’s fine teachers, up-to-date materials, and small classes. Like many private universities in the US, the Institut has a religious affiliation, but instruction is non-sectarian. ESA, the largest group at the Institut summer session, will handle pre-enrollment formalities. A placement test will determine which course level is most appropriate for you.

Institut Catholique Courses

(highly recommended for intermediate and advanced students)

I. French language courses, elementary to advanced:

15 hours per week [3-5 semester units]†

These classes offer high quality language instruction in conversation, grammar, culture and reading. Classes average 20-25 students and use up-to-date materials.

II. Teaching French as a Foreign Language:

15 hours per week [3-5 semester units]†

This course is designed for teachers of French and includes methodology, contemporary culture, lectures on literature and art history, stylistics and the teaching of phonetics.

* Depending on travel dates and airline. Check with ESA for current fares.
† Credits are given as a guideline only—see academic credit section.

## ESA CIVILIZATION COURSES

All ESA participants may attend the following courses according to your interests:

### ESA CIVILIZATION COURSES

ESA has designed the following courses to help you make the most of your time in Paris. ESA students are welcome to participate in all activities. (Because of the numerous activities in the program, there may be some course/activity conflicts.) There is no additional charge for the following:

#### French Civilization—Origins to the Present

An historical survey of the relationship between French political life, social structure, art, architecture and urbanism in the Middle Ages, Renaissance, 17th Century, Enlightenment, Revolution and modern period. Special emphasis on Paris as the center of French civilization. Approximately 12 hours of lecture plus guided visits in and around Paris. For example, lecture on medieval Paris followed by visits to Notre Dame and the Sainte Chapelle. See calendar for list of visits. Offered in both French and English; some visits in English only.

#### Contemporary French Culture

Orientation to daily life in the French capital. Practical visits, information on food, music, etc.

#### Seminar in French Culture

Intensive reading, analysis and discussion of a classic or modern French play. Students will then attend a performance of the play studied. French only. Prerequisite: 2 years of college French or equivalent.
ESA FACULTY

The program is led by Dr. Tom Blair, Dr. Terri Nelson, Prof. J. Vincent Morissette, Dr. Dominique van Hooff, Dr. Lynn Vogel-Zuiderweg, Prof. Dominique Merrill, Prof. Francine Rozenkopf and Mr. Philippe Kreiter. Dr. Blair has been the director of ESA for over thirty years. Recipient of the CLTA outstanding teacher award, Prof. Morissette is a faculty member at Fairfield University. Dr. van Hooff from SJU, Professor of French Literature with research in French Literature and art history, has received several awards for teaching. Dr. Nelson, a Professor at California State University, San Bernardino, is also the recipient of several teaching awards. Dr. Vogel-Zuiderweg is currently full-time faculty at East Los Angeles College, where she teaches both French and Spanish. Prof. Rebecca Ebin has taught French for a number of years at East Los Angeles College and taught in the Paris session for ELAC for five years. A native of Versailles, Prof. Merrill has taught at Valley and Pierce Colleges for over 25 years and will be leading her eighth summer session in Paris. Prof. Rozenkopf has taught French at LACC, Santa Monica College and UCLA for many years. Having spent a part of his childhood and youth in France, Mr. Kreiter teaches French and Spanish at Central Catholic High School, Portland, Oregon, where he also moderates the Latino Student Union.

ACCOMMODATIONS

Students stay in one of several well-located dorms in the St. Germain des Prés area of Paris. Each dorm has comfortable public areas—lounge, TV room, student kitchen, library, etc. To suit your tastes, each dorm provides either daily breakfast and dinner or breakfast only. More detailed descriptions will be sent on enrollment so that you may select the dorm you prefer—apply early for maximum choice. Single rooms are available at a supplement. A limited number of accommodations with French families are also available.

MEALS

ESA helps students suit their eating tastes. Continental breakfast is provided at the dorm or with the family. Some dorms also provide weeknight dinners. You may also take advantage of the dorm kitchen. We have published in our student guide, Paris pratique, restaurants we recommend.

TRANSPORTATION

ESA has arranged a group flight on Lufthansa Airlines to Paris. Students taking the designated flights receive transfers to the dorm center at no charge. Students may choose to make other arrangements, but they are then responsible for finding transportation to the dorm.

ACADEMIC CREDIT

Various options for academic credit are available for an additional fee, depending on the institution granting credit and the number of units taken. Information may be found on the program website, esaparis.org, and is distributed at program orientation meetings. This US enrollment must be completed before departure, and submitted no later than June 1. Late return of required documents and photos may incur a late fee of $100.

APPLICATION & PAYMENT

ESA encourages early application as the number of places in the program is limited to about 100 participants. The application period will begin Nov. 1, 2013. Last year the program was full in mid-March. In addition, early application will better permit you to plan for the trip. All applications must be received by May 25, 2014. Payments may be made by check, money order or credit card [VISA, MC or Amex]. Students who apply and pay all fees by March 1, 2014, are entitled to a 2% early payment reduction. To apply, complete the application section below (or online) and mail your deposit check or credit card information for $300 payable to ESA, 424 Dorado Terrace, SF, CA 94112. The balance of the fee is due April 1, 2014. Students applying after April 1, should check with ESA to set up a payment schedule. Participants who pay fees less than one month before the program's opening date will be assessed a late fee of $250; any payment made after May 25 must be made by cashier's check, travelers check or credit card—no personal checks. All prices reflect exchange rates in effect at the time of publication (Sept. 2013) and are subject to change.

MEMBERSHIP ELIGIBILITY

All persons interested in participating in a study program are invited to enroll with ESA. Minimum age is 17. ESA does not discriminate on the basis of race, creed, color, national origin, age or sex in any of its practices. The ESA program is designed for people without mobility impairment because of the restrictions placed upon us by the foreign locale.

COMMENTS FROM PREVIOUS PARTICIPANTS

"Thank you for a once-in-a-lifetime opportunity... In one month’s time, we saw a great majority of the important sights of Paris. It was incredible!"

"A wonderful experience! I highly recommend the program. Something for everyone."

"Getting out into the neighborhoods helps a lot after the lectures. It makes Paris history come alive."

"C'est la cinquième fois que je suis à Paris et c'est la meilleure. Le programme est merveilleux."

"This was a very worthwhile experience. I feel that I know my way around Paris and have learned about the history and culture. When I added up all that was included in the price—room, breakfast, tours, metro tickets, etc.—my reaction was ‘WOW! Best bang for the bucks!’ It was great!"

"The major strength of the program was the clear desire of the faculty to make the program enjoyable, comprehensive, and a level above what one would expect from a more commercial venture. The residence and Institute were excellent choices, both relatively small and personal."
