

IN CASE OF AN EMERGENCY LOCKDOWN

TAKE THE FOLLOWING STEPS:

To lockdown the classroom

Remove the red box

by pulling it away from the wall

Two small Velcro strips hold it in place.

The box is held with Velcro

**Break the box:
It is brittle and
easy to handle.**

**You may snap it by
using your foot
or by pressing the
white part on a
furniture corner.**

The key is only good to lock the inside tumbler on classroom doors.

Lock the door and shelter in place until help arrives.

Be mindful that the door will still allow you to exit.

**This Emergency Red Box is meant to be
an immediate and temporary measure
Until the LACCD implements their
District Wide lockdown hardware update
in the near future.**
