

WHAT IS LA REGIONAL CRIME STOPPERS?

LA Regional Crime Stoppers is a non-profit organization that allows you to report crime without getting involved. You remain anonymous. So, you don't have to be afraid of someone hurting you or your family for reporting a crime.

LA Regional Crime Stoppers works with law enforcement, television, radio, newspapers, bloggers, and community members to provide a safe and efficient way to report and solve crimes.

HOW DID IT START?

Crime Stoppers started in Albuquerque, New Mexico in 1976, when a young gas station attendant was brutally murdered. There were no witnesses and no leads. The lead detective knew *someone* had seen *something*—but was too afraid to tell the police for fear of being retaliated against..

So, the young detective made a video re-enacting the crime and talked local TV stations into running it. He offered anyone who came forward total anonymity. And, he offered a cash reward. Within days, the crime was solved.

Today, Crime Stoppers is international with nearly 1500 separate groups. There are dozens of groups in California alone.
