## Engineering, General

### Introduction to Science, Engineering, and Technology (UC/CSU) 2.00 UNITS

This course provides students with an understanding of the academic and professional behaviors and skills necessary to enhance their chances of success as an engineering major, and ultimately as a professional. The skills include working effectively in teams, goal setting, time management, and developing communication skills. Students are introduced to the campus resources available to the engineering majors. Students have an opportunity to work collaboratively with their classmates on most of the assignments and in-class design projects.

### English

In order to enroll in one of the English Composition Sequence courses - English 21, 26, 28, 101, 102, or 103 - students must have proof that they have met the prerequisite for that course. This proof may be:
1. an appropriate assessment score,
2. successful completion of the prerequisite course, or
3. prerequisite completion form confirming successful completion of a comparable course at another college. After a computer check of Admissions, students not meeting the prerequisite for the course for which they registered will be administratively dropped.
