Technical Review Verification Process for Course Learning Outcomes

This plan incorporates the CLO Technical Review checklist into the Curriculum Committee's general technical review process by adding as standing members Campus Facilitator positions. Facilitators, as members of the Curriculum Committee, technically review CLOs for courses proceeding through the Committee's normal processes.

Courses under review by Curriculum Committee

Discipline or Department Faculty **submit a completed SLO addendum** to currently approved curriculum system.

Campus Facilitator completes
CLO Technical Review within
the COR

For courses **NOT PASSING** technical review, Campus Facilitator works with faculty to *make corrections on the Addendum.

OR

For courses **PASSING** Technical Review, COR is Forwarded to Curriculum Committee Chair.

IF NOT PASSED Campus Facilitator provides feedback on outcomes and consults with Chair until it does pass technical review.

*Minor edits are made on the SLO Addendum by the Campus Facilitator.

Curriculum Committee
Technically Reviews Course
(as per the current process)

<u>FOR:</u> <u>Current Courses/CLO updates ONLY</u>

Courses **NOT** under review by Curriculum Committee

Department Facilitator <u>initiates</u> CLO Technical Review Process

Department Facilitator <u>technically reviews</u> current versions of CLOs for courses using approved checklist.

For courses **NOT PASSING** technical review, Department Facilitator provides feedback to faculty.

OR

For courses **PASSING** Technical Review, update CLOs in eLumen with Campus Facilitator.

For courses **NOT PASSING** technical review, engage in discussions with faculty and together draft improved CLOs.
