# WELCOME TO EAST LOS ANGELES COLLEGE

---

Welcome, Bienvenidos, 欢迎

On behalf of our amazing staff, faculty, and administration, it is a great honor and privilege to welcome you to East Los Angeles College's Office of Continuing Education and Workforce Development (CEWD). We are dedicated to serving the community by providing quality and comprehensive programming for all students.

CEWD has developed key partnerships, programs, and education-to-career pathways in over 100 Career Education fields of study. By having real-world industry partnerships our programs are able to remain current with workforce trends and continue to develop cutting-edge curricula that meet the needs of our industry and business partners, while also satisfying the diverse interests and needs of our current and future students. Our programs include work-based learning opportunities that connect academic learning to today's workforce, allowing students to gain the technical skills needed to enter high-growth and high-wage employment opportunities- while being a well-rounded team members in their desired industry.

We are committed to serving the adult-learner population by offering a myriad of free quality adult education and certificate programs, in well over 50 locations throughout our community including our South Gate Campus, Rosemead Campus, Azalea Shopping Center, neighborhood K-12 schools, churches, community centers, and many more. Furthering our commitment to connect with our community and its diverse needs. We offer courses with opportunities for individuals to gain lifelong skills for career advancement, educational growth, physical & mental well-being, and enjoyment.

Today is the perfect day for you to begin your journey with us, as our long-lived traditional saying goes "Start at ELAC... Go Anywhere!".

A handwritten signature in black ink, appearing to read 'Armida'.

**Dr. Armida Ornelas**

*Vice President, Continuing Education & Workforce Development*

East Los Angeles College empowers students to achieve their educational goals, to expand their individual potential, and to successfully pursue their aspirations for a better future for themselves, their community and the world.

# TEST Preparation

Making the decision to attend college is probably one of the most important decisions you'll ever make, and your performance on college entrance exams is instrumental in determining your college choice. Universities and colleges throughout the U.S. require applicants to take the SAT or ACT as part of their evaluation package. These course will prepare you for both tests.

## SAT / ACT PREPARATION - VERBAL QUESTIONS

SAT/ACT Preparation Part I will give you all the information you need to do well on the verbal questions of the ACT and the new SAT. The ACT verbal sections are called the Reading Test, the English Test, and the Science Test. The Reading Test and the English Test assess your knowledge of English usage, grammar, and reading comprehension. This course will provide you with a grammar and usage review specifically geared to the rules that you'll be tested on in the ACT. You'll also learn how to maximize your time on reading comprehension passages and the passages in the science test. The Reading section consists of Information & Ideas, Rhetoric, and Synthesis questions based on reading passages and quantitative information. You'll learn how to answer the question types in the most time-efficient manner. The SAT also contains a Writing and Language section, which includes multiple-choice questions about rhetoric, grammar, and English usage. The essay on the SAT is now optional and administered in its own section. This course will prepare you to write the type of essays that grading officials are looking for and will provide you with a grammar and usage review that's specific to the rules you'll be tested on in the new SAT.

In addition to preparing you for specific question types on both exams, this course will give you pointers in time management, anxiety relief, scoring, and general standardized test-taking. Weekly assignments will encourage you to work with your fellow classmates and your instructor to maximize your performance on all aspects of the verbal questions of the ACT and SAT.

## SAT / ACT PREPARATION - MATH QUESTIONS

SAT/ACT Preparation Part 2 will give you all the information you need to do well on the math questions of the ACT and the new SAT. The ACT math tests your knowledge of arithmetic, algebra, geometry, trigonometry, and basic statistics. This course provides you with a complete math review of all these subjects. We'll also show you how to use your time wisely so that you finish as many math questions as possible in the 60 minutes the ACT gives you for the math test.

Beginning with the March 2016 exam, the SAT math questions have changed a bit. They eliminated the quantitative comparison questions and added questions on functions and graphing functions. The lessons in this course are designed to prepare you for those changes. In addition to reviewing arithmetic, algebra, geometry, trigonometry, and basic statistics, we'll cover functions and other algebra II subjects now tested on the SAT.

In addition to preparing you for specific question types on both exams, this course will give you pointers on time management, anxiety relief, scoring, and general standardized test-taking. Weekly assignments encourage you to work with your fellow classmates and your instructor to maximize your performance on all aspects of the math questions of the ACT and SAT.

### ENGINEERING ACTIVITIES FOR KIDS

Ages: 8 - 12 yrs.

This course introduces kids to engineering fundamentals through various STEM hands-on projects and activities. These activities and projects are designed to help students develop their creativity, self-confidence and problem-solving skills while learning engineering concepts. All of the activities will be different from the previous sessions. Please be sure that your young engineers wear comfortable clothing and shoes. **\$20 material fee paid at the time of registration**

#10233	5 Saturdays	Apr. 6 - May 11	\$80	11:00 AM - 12:30 PM	Engineering Club

The ELAC Engineering Club has over 100 enthusiastic members and is an active community college chapter of the Society of Hispanic Professional Engineers (SHPE) and other professional organizations.

### FUN WITH SCIENCE

Give your kids the opportunity to get hooked on to the wonderful world of science. This hands-on science class will show the fun side of chemistry, physics, and biology. Your young scientist will have lots of fun working on hands-on experiments that are a great way to learn more about science. All of the experiments will be different from the previous session. Please be sure that your young scientist wears comfortable clothing and shoes. **\$10 material fee paid at the time of registration.**

# Children's & Adult Recreation

In an effort to maintain our dance and exercise facilities, a number of rules and practices should be followed by those who are using the dance rooms. Every effort must be made to keep dirt off the dance room floors. Therefore, a separate pair of shoes should be set aside to be worn only in the dance rooms. Please bring a pair of clean and dry non-marking shoes with you to protect the dance floors. Dance shoes are highly recommended. All parents, guardians of children and other spectators must take their shoes off before entering the dance rooms.

The following is prohibited inside the dance rooms at all times:

• Food • Beverages (other than water in a sealed container) • Smoking • Pets • Bikes or Scooters

## DANCE & FITNESS

**Community Services' Spring Dance Showcase**

# SWIMMING

All swim classes are taught in our safe, comfortable swim stadium indoor pool. Pool water temperature generally ranges from 78 degrees Fahrenheit to 82 degrees Fahrenheit. Our swim program is staffed by experienced certified swim instructors and lifeguards. Classes are designed so that students who enter the beginning levels will successfully progress into the more advanced levels. All students are expected to follow basic "public pool" etiquette and wear proper swim attire. Preschoolers may not wear disposable diapers. All swimmers must shower before entering the pool. Boys 6 years or older are not allowed inside the girls locker room.

For safety reasons all parents, guardians of children and other spectators must be seated in the swim stadium bleachers to observe the lessons. No one other than registered students will be allowed on the pool deck.

**THERE ARE NO REFUNDS OR MAKE UPS FOR ABSENCES.**

All classes are limited to 10 students with one instructor.

## PARENT AND PRESCHOOLER (Ages: 2 - 5 yrs.)

### SOCIAL SECURITY SECRETS

#### HOW TO MAXIMIZE YOUR BENEFITS

Filing for your Social Security benefits can be stressful. Did you know there are 201 different ways that a married couple can claim their benefits? The average retiree leaves tens of thousands of dollars 'on the table' simply because they don't understand how to optimize their Social Security benefits. Don't be one of them! Failing to use the right strategy can cost you literally hundreds of thousands of dollars in unclaimed Social Security income over your lifetime and potentially put your surviving spouse at serious financial risk.

Join us for this informative and easy to understand class where we explore the ways in which you can maximize your social security income benefit. The seminar is designed to assist those who have not but will soon begin receiving their Social Security retirement benefits or those who have begun their payments within the last year.

### TAXES IN RETIREMENT

Taxes take the biggest bite out of your retirement income. This class will give you easy steps to maximize your retirement income using the most overlooked tax tips. We will cover everything tax and retirement related which your accountant and financial advisor often overlook. Including 401k, IRA, RMD, Social Security, estate, real estate, and investment tax secrets the IRS wishes you didn't know! Remember, it's not what you make, it's what you keep when it comes to money!

This seminar will help you:

- Discover strategies that reduce taxes in retirement.
- Learn how you can benefit from the new tax changes.
- Find out the changes that will affect you and your family.
- Have a plan for which accounts to draw from and when (IRA, 401, Brokerage).
- Calculate the amount of your Required Minimum Distribution (RMD) so you can plan ahead.
- Keep the most money in your pocket from tax savings.

## PHARMACY TECHNICIAN

Pre-requisites: Minimum 18 years of age and high school completion or its equivalent.

Pharmacy Technicians work in pharmacies under the direction of a pharmacist. Their main responsibility is filling prescriptions according to doctors' orders. Pharmacy Technicians prepare medications for dispensing to patients. This generally includes retrieving drugs in the correct dosage form and strength, measuring the appropriate amount of drug and producing a prescription label. Pharmacy Technicians work with drugs to be administered orally, topically, for the eye, nose, etc. Depending upon the practice setting, a Pharmacy Technician is also involved in the admixture of drugs for intravenous use. Other duties include:

- Checking inventories and ordering supplies
- Receiving and checking in supplies
- Assisting customers
- Keeping pharmacy work areas clean
- Complete insurance forms

Course content includes: pharmacy medical terminology, the history of pharmacy, the pharmacy practice in multiple environments, pharmacy calculations and measurements, reading and interpreting prescriptions and defining drugs by generic and brand names. Through classroom lecture and hands-on labs, students will review dosage calculations, drug classifications, the "top 200 drugs", I.V. flow rates, sterile compounding, dose conversions, aseptic technique, the handling of sterile products, total parental nutrition (TPN), dispensing of prescriptions, inventory control and billing and reimbursement.

Pharmacy Technicians may work in retail pharmacies, mail order pharmacies, home infusion pharmacies, long term care facilities, hospitals, clinics, pharmacy benefit managers and large industrial complexes. The demand for Pharmacy Technicians continues to grow with demand expected to increase substantially. This high demand is the result of the constant availability of new drugs, the national shortage of registered pharmacists, the establishment of certified pharmacy technicians and the aging population. The median wage in 2017 for Pharmacy Technicians in California was \$18.36 hourly.

This comprehensive 50-hour course will prepare students to enter the pharmacy field and to take the Pharmacy Technician Certification Board's PTCB exam.

## EKG TECHNICIAN

Pre-requisites: Minimum 18 years of age and high school completion or its equivalent.

EKG Technicians are responsible for performing electrocardiogram tests in order to monitor and record electrical impulses transmitted by the heart. These tests include basic EKGs, Holter Monitoring (portable EKG which records activity for 24-48 hrs.), 12 lead placement and Stress Tests (trea-mill). They assist a physician in diagnosing and treating cardiac and blood vessel irregularities.

This course will include important practice and background information on anatomy of the heart and physiology, medical disease processes, medical terminology, medical ethics, legal aspects of patient contact, the Holter monitor, electrocardiography and echocardiography.

Additionally, students will practice with equipment and perform hands-on labs including introduction to the function and proper use of the EKG machine, the normal anatomy of the chest wall for proper lead placement, 12-lead placement and other clinical practices. EKG Technicians also analyze printed readings of EKG tests, measuring various "cardiac intervals and complexes" and determining normal vs. abnormal EKG.

EKG Technicians work in physician offices, hospitals, clinics, and other health care facilities and organizations. EKG Technicians also work for insurance companies to establish health and life insurance policies. Similar to other growing healthcare professions, the demand for EKG Technicians is expected to continue to grow substantially. The median wage in 2017 for EKG Technicians in California was \$33.08 hourly.

Certification: This comprehensive 50 hour EKG Technician Certification Program prepares students to function as EKG Technicians and to take the American Society of Phlebotomy Technician (ASPT) - Electrocardiograph (EKG) Technician exam in addition to other National Certification Exams.

# Refund & Transfer Policy for Fee Base Courses

## Community Services

### **CANCELLED CLASSES:**

The Community Services Department reserves the right to cancel any class that has insufficient enrollment before the starting date. Every attempt will be made to contact the students enrolled by phone. The students will then be given the option to receive a full refund, transfer to another class, or receive account credit (valid for a year, toward future registrations). There is no service charge for classes that are cancelled by the department.

### **DROPS / TRANSFERS:**

There are no refunds or transfers after a class begins. Requests to withdraw from a class or transfer to another Community Services class must be done 3 OR MORE DAYS prior to the first class meeting. You may notify ELAC Community Services of cancellation by phone, in person, by mail, or by e-mail.

Unfortunately, you are not able to cancel a registration yourself online.

There is a \$5 service charge per class for each refund or transfer requested. If you enrolled in a class less than 3 days prior to the first class meeting, NO refunds will be given. There are no refunds or credits for absences and late registrations are not pro-rated. Missed class meetings may not be made up in another class.

### **REFUNDS:**

Credit card transactions will be refunded to the same credit card account used at the time of registration. Cash and check transactions will be refunded with a check in the mail. Please allow 2 - 4 weeks for processing. Students can also request account credit, valid for a year toward future registrations, in lieu of a refund.

### **RETURNED CHECKS:**

A \$10 RETURNED CHECK CHARGE is assessed for EACH CHECK returned to East Los Angeles College unpaid by the bank for any reason. A STOP PAYMENT ORDER on a check DOES NOT constitute an official withdrawal nor does it relieve the student's financial obligation for a class. PLEASE FOLLOW REFUND POLICY PROCEDURES TO AVOID ADDITIONAL CHARGES.

## Student Parking

### **STUDENT PARKING**

All vehicles parked in a campus parking lot must display a valid permit at all times. Overnight parking is prohibited. C.V.C. Section 21113.(A). Permits must be properly displayed either hanging from the rear view mirror, facing out or facing up on the driver's side of the dashboard. Improperly displayed permits will result in a citation. A permit does not exempt you from receiving a citation. It is your responsibility to properly display your permit.

Community Services Parking Permits are only valid during the weekends (Sat. & Sun.).

### **WINTER & SUMMER SESSIONS**

A free parking permit may be requested at the time of registration.

### **SPRING & FALL SEMESTERS**

Students may purchase a daily parking permit for \$2 (from the permit dispensing machines or the Sheriff's station) or purchase a semester permit for \$10 from the Community Services Office. If the parking permit is lost or stolen a replacement permit can be purchased at full price value. Community Services semester permits are only valid on weekends.
