

Husky Herald October 2024

As the leaves turn and the air grows crisp, welcome to the October edition of the Husky Herald!

This month, we embrace the spirit of Halloween by diving into the enchanting world of in language learning, emphasizing the importance of mastering skills in your native tongue.

Just as ghouls and goblins come alive this season, so too can your productivity with our spooktacular tips on keyboard shortcuts that will help you navigate your tasks faster than a witch on a broomstick.

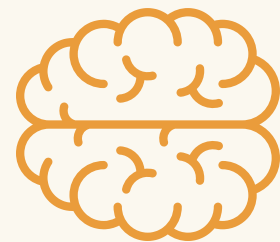

Plus, don't miss out on our guide to upcoming events that promise to add a dash of fun to your October. Grab your pumpkin spice latte and settle in for a frightfully good read!

Husky Highlight: In-Language Courses

ELAC and other LACCD schools have started to expand their offerings for in-language courses. We offer various noncredit courses in Spanish and Mandarin.

Enhanced Comprehension and Retention

By eliminating the language barrier, students can focus entirely on understanding the content rather than struggling with linguistic challenges.

Improved Academic Performance

The ability to communicate effectively in their mother tongue allows students to demonstrate their true knowledge and capabilities.

Cognitive Advantages

Students who maintain proficiency in their native language while also developing skills in a second language often exhibit enhanced problem-solving abilities, critical thinking skills, and creativity.

Cultural Identity and Confidence

Maintaining a strong connection to linguistic roots can provide a sense of stability and pride, which in turn can positively impact their overall academic performance and well-being.

Foundation for Multilingualism

A strong foundation in a native language can actually facilitate the learning of additional languages as many cognitive and linguistic skills transfer across languages.

Tips & Tricks: Keyboard Shortcuts

Mastering these keyboard shortcuts can greatly enhance your efficiency and workflow without relying solely on a mouse.

Windows

Ctrl + C

Copy selected text or items.

Ctrl + X

Cut selected text or items.

Ctrl + V

Paste copied or cut text or items.

Ctrl + Z

Undo the last action.

Ctrl + A

Select all items in a document or window.

Alt + Tab

Switch between open applications.

Windows Key + D

Show or hide the desktop.

Windows Key + L

Lock your computer.

Ctrl + N

Open a new window in browsers or file explorers.

Ctrl + W

Close the current window or tab.

Ctrl + F

Open the search bar to find text within documents or web pages.

Windows Key + E

Open File Explorer.

macOS

Command + C

Copy selected text or items.

Command + X

Cut selected text or items.

Command + V

Paste copied or cut text or items.

Command + Z

Undo the last action.

Command + A

Select all items in a document or window.

Command + Tab

Switch between open applications.

Command + H

Hide the current application.

Command + M

Minimize the front window to the Dock.

Command + N

Open a new window in Finder or browsers.

Command + F

Open the search bar to find text within documents or web pages.

Command + Space

Open Spotlight search for quick access to applications and files.

Avalanche's Scoop: It's Spooky Szn!

Halloween, or "Spooky Szn," is a big deal for students since it's all about creativity, self-expression, and taking a break from everyday life.

It's a whole season packed with fun things. Think pumpkin patches, cozy drinks, and thrilling experiences like Universal's Halloween Horror Nights, where getting scared in haunted mazes is hilarious and creates core memories.

And who can resist a pumpkin spice latte? These cozy drinks bring autumn vibes and are perfect for strolling into class in style.

But the biggest thing? Halloweekend! A weekend of parties, themed gatherings, and costumes (a different one for every night, of course). It's the perfect time to show off creativity and share the fun with others online.

Happy Howl-o-ween from your favorite husky!

Avalanche's Scoop, named after our fearless ELAC mascot, is your monthly insight into the minds of Gen Z students.
